

THE IKKATSU PROJECT
2022 Deposition Study Update
Landing Beach, South Kuiu Island, Alaska

This year's deposition survey at the landing took place on July 26, 2022. Four individuals collected and counted the accumulated debris and the numbers are listed on the following page. Note: the figure for "foamed plastic" is given in liters. All other numbers presented are the actual count of the items collected.

August 2022
